In response to the official action mailed June 19, 2008, please enter the following before reconsideration of this application.

## REMARKS

Claim 57 is rejected, under 35 U.S.C. § 102(e), as being anticipated by Von Blucher '541 while claims 37, 41-42, 45-50, 53-55, 58-61, 64 and 71 are rejected, under 35 U.S.C. § 103(a), as being unpatentable over Von Blucher '541 in view of Pacanowsky et al. '447. The Applicant acknowledges and respectfully traverses the raised anticipatory and obviousness rejections in view of the following remarks.

It is noted that Von Blucher '541 has publication date only as of April 14, 2005 but has a U.S. filing date of April 28, 2004, while the above identified application is a national stage completion of the International Application PCT/EP2004/013577 which has an international filing date of November 30, 2004. However, this PCT application also claims priority from German Application No. 103 57 112.4 filed on December 6, 2003. Enclosed is an English translation of German Application No. 103 57 112.4 and, in view of this English translation, the priority claim to that German Application is now believed to be perfected.

Upon reviewing the accompanying English translation of German Application No. 103 57 112.4, the Examiner will note that the disclosure of the above identified application
